

RTS 28 Report for the period 1/1/2018 to 31/12/2018

This report has been prepared by Louis Capital Markets UK LLP ("LCM") for the period 1st January 2017 to 31st December 2017 (the "Reporting Period") for the purposes of meeting LCM's regulatory obligations under Commission Delegated Regulation (EU) 2017/576 (RTS28 "MiFID II") which requires LCM to annually publish (i) the top five venues where it executed clients orders; and (ii) the top five firms to whom it transmitted or placed client orders for execution, in respect of each class of financial instruments noted below. This report also provides information on LCM'S assessment of the quality of execution it obtained from these execution venues and firms (based on its internal monitoring), for each class of financial instruments. Please note that information for the Reporting Period has been collated based on the regulatory obligations that applied to LCM, its affiliates, and execution venues during that time. In respect of LCM and other financial institutions to whom MiFID II applies, those regulatory obligations were different to those that apply to them now and pursuant to which this report has been prepared.

Subsequently, certain sections contained within this report for which information required under MiFID II for the Reporting Period (i) was not available; (ii) was only available partly; or (iii) was available in a different format. As a result this report has been prepared on a best efforts basis only. The assumptions and available information used to prepare this report may result in inconsistencies in information and as such may not accurately reflect the trading activities undertaken by LCM during 2017.

Please also note that the assumptions and methodologies used to produce this report may not be used for the preparation of future reports. LCM does not guarantee the correctness or completeness of the information in this report and shall not be responsible for or have any liability whatsoever for any loss or damage caused by errors, inaccuracies or omissions in connection with use or reliance on this information.

Equities - Shares & Depositary Receipts:

The assessment of Execution Venues is based on the factors as described in our policies that enable the desks to obtain the best possible result when executing orders for their clients. The current Client Order Execution Policy further referred to as "the Policy" is available at: <http://www.louiscapital.com/legal-compliance.php>

In order to achieve the best possible result for a client, LCM will give consideration to a range of execution factors when determining the best outcome. Some of the below factors are considered to be more important than others as further described in the Policy; The execution factors that LCM will consider are:

- 1) Price 2) Costs 3) Speed 4) Likelihood of execution and settlement 5) Size 6) Nature 7) Any other consideration relevant to the execution of the order.

However, there may be scenarios where the priority of execution factors may change for example: i) due to a lack of liquidity on a particular venue or across venues where likelihood of execution and speed will become more important; ii) where volume discovery is the primary purpose of the order as opposed to price discovery where size will more significant.
