

## Louis Capital Markets, Business Continuity Plan Summary

**Louis Capital Markets, LP** has developed a Business Continuity Plan on how we will respond to events that significantly disrupt our business. Since the timing and impact of disasters and disruptions is unpredictable, we will have to be flexible in responding to actual events as they occur. With that in mind, we are providing you with this information on our business continuity plan.

**Contacting Us** – If after a significant business disruption you cannot contact us at 212 398-3000 or you cannot contact us through normal means, you should contact us at our customer emergency number 44-207-936-1700 or go to our website at [www.louiscapital.com](http://www.louiscapital.com). If you cannot access us through either of those means, you should contact our clearing firm, Goldman Sachs at (212) 902-1000, [www.goldmansachs.com](http://www.goldmansachs.com) or SEB 44(0)20 7246 4000, [www.seb.se](http://www.seb.se) for instructions on how it may to enter order and any other trade related issues.

**Our Business Continuity Plan** – We plan to quickly recover and resume business operations after a significant business disruption and respond by safeguarding our employees and property, making a financial and operational assessment, protecting the firm's books and records, and allowing our customers to transact business. In short, our business continuity plan is designed to permit our firm to resume operations as quickly as possible, given the scope and severity of the significant business disruption.

Our business continuity plan addresses: data back-up and recovery; all mission critical systems; financial and operational assessments; alternative communications with customers, employees, and regulators; alternate physical location of employees; critical supplier, contractor, bank and counter-party impact and regulatory reporting.

Our clearing firm backs up our records in a geographically separate area. While every emergency situation poses unique problems based on external factors, such as time of day and the severity of the disruption, we have been advised by our clearing firm that its objective is to restore its own operations and be able to complete existing transactions and accept new transactions and payments.

**Varying Disruptions** – Significant business disruptions can vary in their scope, such as only our firm, a single building housing our firm, the business district where our firm is located, the city where we are located, or the whole region. Within each of these areas, the severity of the disruption can also vary from minimal to severe. In a disruption to only our firm or a building housing our firm, we will transfer our operations to a local site when needed and expect to recover and resume business. In a disruption affecting our business district, city, or region, we will transfer our operations to a site outside of the affected area, and recover and resume business within 48 hours depending on the severity of the event. In either situation, we plan to continue in business, transfer operations to our London office if necessary, and notify you through our web site, [www.louiscapital.com](http://www.louiscapital.com) on how to contact us.

**For more information** – To request a hard copy of our business continuity plan, contact the compliance department at 212 398-6000.
